There are 3 main sections to the PFA Maintenance Screen

- 1) **PFA Information** This section includes all of the overall information needed to define the PFA and what lender is going to provide the quote.
- 2) Policy Information This section made up of 1 to 5 tabs (1 for each policy included in this PFA) contains the specifics for this policy including things like Coverage Type, Premium amount and the fees for this policy. It also defines who what Insurance Company, General Agent and potential Broker are involved in this policy.
- 3) **Quote Status Information** This section displays the summary of the returned quote from the lender including amounts as well as a link to the actual quote, in PDF format, which can be printed out and signed as needed.

More detailed descriptions of each of these sections follows.

This section made up of 1 to 5 tabs (1 for each policy included in this PFA) contains the specifics for this policy including things like Coverage Type, Premium amount and the fees for this policy. It also defines who what Insurance Company, General Agent and potential Broker are involved in this policy.

Some of the functionality and limitations to the fields are as follows:

- 1) Coverage Type
 - a. Using a Coverage Type of "No Coverage" means that policy Tab is inactive and no premium or fees can apply.
- 2) Pure Policy Premium
 - a. There are acceptable ranges to the premium. Anything entered outside of those ranges will automatically be reset to a value within that range.
 - b. Currently, the minimum value is 1 and the maximum value is 100,000.
- 3) Policy Fees

- a. There are acceptable ranges to each of the defined policy feeds. Anything entered outside of those ranges will automatically be reset to a value within that range.
- b. Currently, the minimum value is 0 and the maximum value is 50,000.
